Digital Magazines from Your Library

Getting Started

To get started borrowing digital magazines through RBdigital (formerly Zinio for libraries*), visit the library's website, dearbornlibrary.org. Click on **eMedia** on the right side of the page, and select **Digital Magazines**. On the page, click **Register & Create Account**. This will take you to the collection of digital magazines we share with other libraries in The Library Network (TLN).

From there, click **Create New Account** in the upper right corner. You will be asked for your Dearborn Library Card number, then for your name and email address. You will also create a password.

Now you can borrow and read magazines in an internet browser or RBdigital app on a mobile device.

*If you created an account with Zinio for libraries in the past, use that same email address and password to log into RBdigital.

1. Go to the RBdigital magazine collection where you created your account. Log in with your email address and password.
2. Browse the collection and check out any title you like by selecting the **Checkout Now** icon or clicking on the cover for more information about the publication then selecting **Checkout**.

3. Click **Keep Browsing** or **Start Reading**. You may also opt-in to receive email notifications of when the next issue is available.
