Read digital copies of your favorite magazines on a computer, tablet or mobile device.

Create Account Logins, Browse & Subscribe

Follow these steps to create both a Dearborn-Zinio account/login and a Zinio.com account/login.

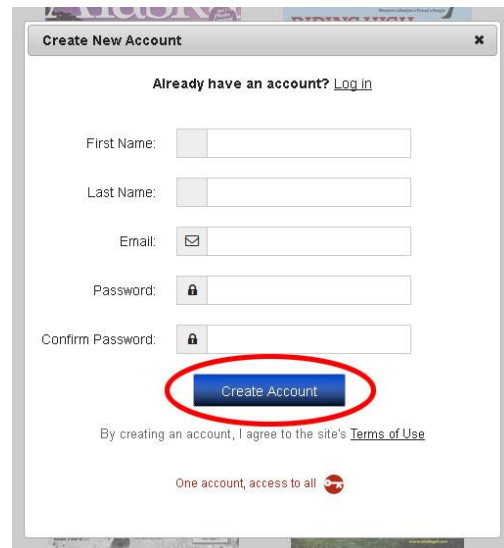

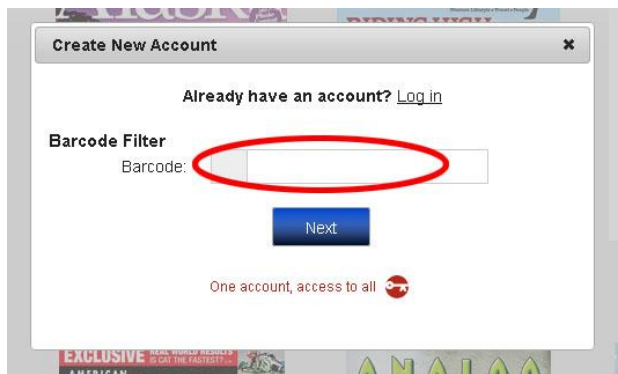

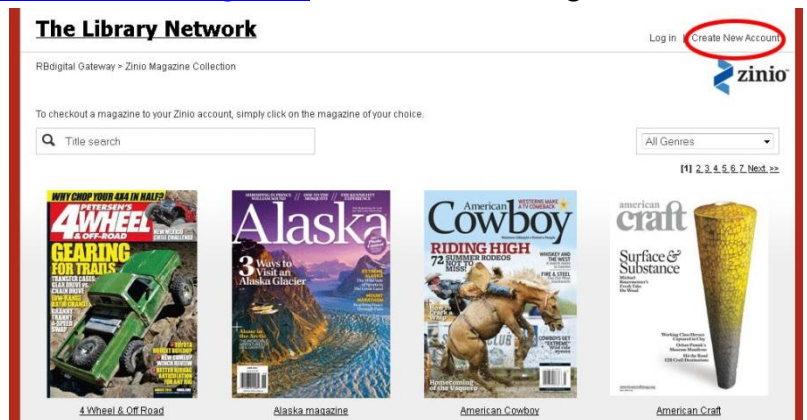

Using the Library's Zinio magazine subscription services requires the creation of two account logins:

1. A Dearborn-Zinio account/login to **browse** the Library's magazine collection
2. A Zinio.com account/login to **read** magazines online or **deliver** those magazines to a Zinio Reader app on your computer or mobile device.

It is recommended that you use the same email and password for each login!

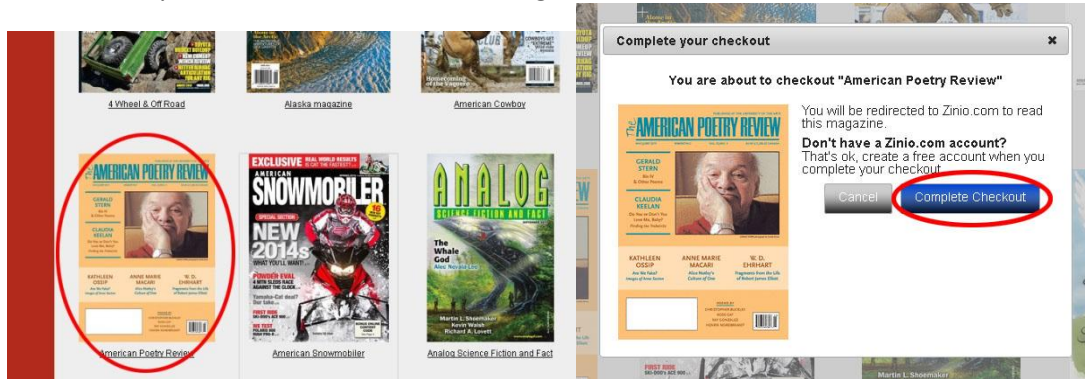

Create a Dearborn-Zinio account/login & start browsing

1. Go to dearbornlibrary.org/books-movies-more/emedialmagazines. Follow the link to **Register & Create Account**.
2. At the top right of the screen, click on **Create New Account**. Enter your **library card number** in the box that appears. Click **Next**.
3. Enter the required information and click **Create Account**.
4. You are now logged into the Dearborn Zinio digital magazine site.

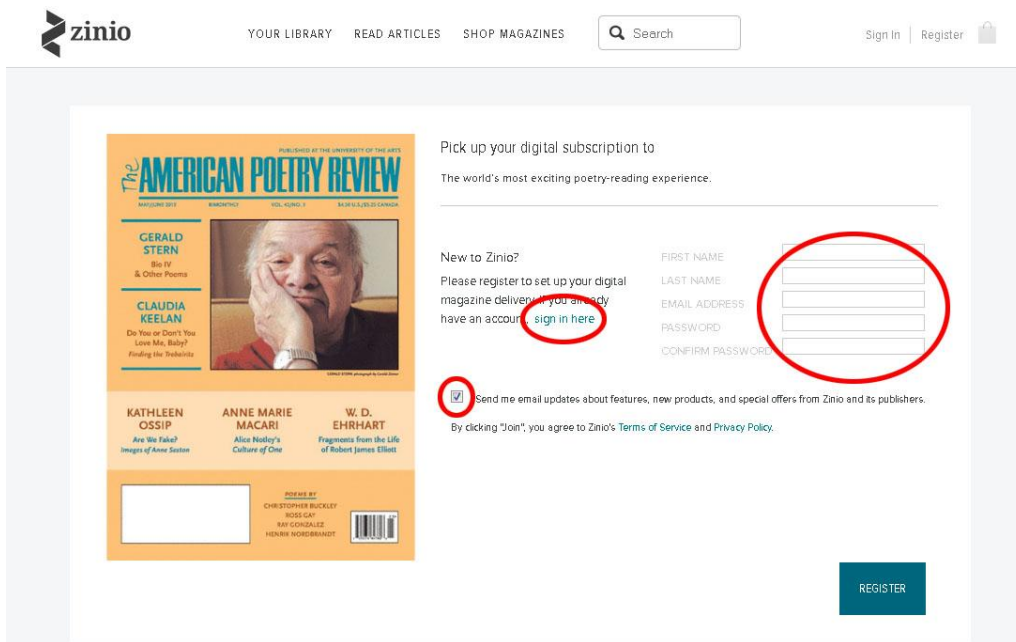

Create a free Zinio.com account/login to start checking out magazines

1. Once you are logged in, browse the magazine covers until you find a magazine you would like to read. Click or tap on the cover to read more about the magazine or view back issues. Find the issue you'd like to check out, tap on the cover, and then click **Complete Checkout**. A new tab will open on your internet browser and you will be taken to the Zinio Digital Newsstand site.

2. If you have never used Zinio before, you will need to **register** for a new account. Enter your first and last name, email address & password to create a free Zinio.com account/login. The next time you check out a magazine, you will not need to create a new account. Click on the **Sign in here** link to enter your email address and password. *Be sure to uncheck the box next to where it says "Send me email updates" so that you do not receive extra emails from Zinio.com.*

3. With your Zinio account created, your new magazine should display in your Zinio.com account page. If you are using Internet Explorer browser, Zinio requires version 9 or higher. You may need to upgrade your browser or use another internet browser such as Chrome or Mozilla Firefox.
